2. CONDITIONS OF ENTRY:

The exhibition is open to anyone; however, an entry may be rejected when the sponsoring organization or its agent, in its reasonable discretion, believes the entry does not conform to the exhibition rules and conditions.

Entries are limited to not more than 4 images per section, category, or class. An entrant's images will not be presented to the judges consecutively. An entrant's four images will be distributed throughout four rounds of judging in each section. Distribution of images shall be in the same round order as submitted by the entrant.

Entries must originate as photographs (image-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally. By virtue of submitting an entry, the entrant certifies the work as his own (aliases are not permitted). The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. Note: Entrants who indicate that their images may not be reproduced or used “will not be eligible for awards” or inclusion in audio-visuals of the exhibition “and could be subject to disqualification” by the exhibition sponsors.

The exhibition assumes no liability of any misuse of copyright. Images may be altered, either electronically or otherwise, by the maker. All final work must be on photographic film, or on electronic file, or on photographic or electronic print material, mounting excepted, subject to Nature, Photo Travel and Photojournalism divisional restrictions.

No title or identification of the maker shall be visible anywhere on the face of an image, print mat or mount entered in a PSA Recognized exhibition.

Each image must have a unique title. Once an image has been accepted in a PSA Recognized exhibition, that same image, or a like “in camera” or a “reproduction”

duplicate of that image:

i. May not be re-entered in any section of the same Division Star Ratings class in that exhibition regardless of media, format, or title.

ii. May not be re-titled for entry in any other PSA Recognized exhibition.

Words such as “Untitled” and “No Title” are not acceptable as part or all of an image's title, nor are camera capture filenames.

BREACH OF CONDITIONS OF ENTRY

If the exhibition determines before, during, or after the judging that an entrant has submitted entries where one or more images fail to comply with these Conditions of Entry, including the stated definitions, the exhibition reserves the right and discretion to delete the entry from the exhibition and void any or all acceptances or awards. Fees may be forfeited in these circumstances.

In order to ensure that images comply with the Conditions of Entry and definitions, the exhibition may carry out checks on the images to make sure that:

a) the images are the original work of the entrant and

b) the images comply with the rules and definitions as set out in these Conditions of Entry.

This may involve asking the entrant to provide originally captured image(s), with EXIF data intact, by a set deadline. The questioned image(s) of any entrant failing to comply with such a request for the original image(s) may be considered in breach of these Conditions of Entry, and declined. Such entries may be referred to PSA for further investigation of possible ethics violations. PSA retains the right to investigate in any way all complaints/suspensions of breaches of entry conditions, impose sanctions if deemed necessary, include the entrant's name on the list of sanctions provided to Exhibitions, and share such investigations with FIAP.

Entrants automatically agree to these terms by the act of entering the Exhibition.

I – Acceptances in PID recognized Color sections shall be credited towards PID Color Star Ratings and Who's Who Color listings. Monochrome images accepted in PID recognized Color sections shall only be credited towards PID Color Star Ratings.

II – Acceptances in PID recognized Monochrome sections shall be credited towards PID Monochrome Star Ratings and Who's Who Monochrome listings.

FIAP AND PSA DEFINITIONS

All entries shall conform to the stricter of these definitions for acceptances to be validated by all the International Organizations granting recognition or patronage.

FIAP Definition of the Black and White Photography (monochrome)

This definition supersedes the Document 223 and the INFO 1991/12. A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single color will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand a black and white work modified by a partial toning or by the addition of one color becomes a color work (polychrome) to stand in the color category; such a work requires color reproduction in the catalogue of a salon under FIAP Patronage.

PSA, FIAP, and RPS Nature Definition as of 1 January 2015

Nature photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology and archeology, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. The story telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality. Human elements shall not be present, except where those human elements are integral parts of the nature story such as nature subjects, like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves. Scientific bands, scientific tags or radio collars on wild animals are permissible. Photographs of human created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible, as is any form of manipulation that alters the truth of the photographic statement. No techniques that add, relocate, replace, or remove pictorial elements except by cropping are permitted. Techniques that enhance the presentation of the photograph without changing the nature story or the pictorial content, or without altering the content of the original scene, are permitted including HDR, focus stacking and dodging/burning. Techniques that remove elements added by the camera, such as dust spots, digital noise, and film scratches, are allowed. Stitched images are not permitted. All allowed adjustments must appear natural. Color images can be converted to greyscale monochrome. Infrared images, either direct captures or derivations, are not allowed.

Images entered in Nature sections meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with the subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums and any enclosure where the subjects are totally dependent on man for food.

PSA Definitions

General:

Entries must originate as photographs (image-capture of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally. By virtue of submitting an entry, the entrant certifies the work as his/her own and permits the sponsors to reproduce all or part of the entered material free of charge for publication and / or display in media related to the exhibition. This may include low resolution posting on a website. The exhibition assumes no liability for any misuse of copyright.

Monochrome:

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.) A greyscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.

All entries shall conform to the stricter of these definitions for acceptances to be validated by all the International Organizations granting recognition or patronage.
